

LUCIEN

WINE PROGRAM

CHAMPAGNE

Here at LUCIEN, not only do we celebrate the farmers of California, but those around the world. There is a farmer-grower revolution happening right now in Champagne – a powerful shift from industrial, brand-driven production to vigneron-led, terroir-focused winemaking. Please help us celebrate these farmer-growers as they emphasize the beauty, authenticity, transparency, and deep connection to the unique terroir of Champagne.

In two decades of work, Lucien Le Moine has become one of the most talked about Burgundy producers, making some of the most sought after wines from the region. The approach is extreme – two people, together doing everything by hand, working with a dazzling array of Burgundy’s great terroirs.

In the late 1980s, Mounir Saouma’s visit to a Trappist monastery in the Middle East led to a prolonged stay during which he worked in the monastery vineyards and first learned to make wine. He subsequently studied Viticulture and Oenology in Montpellier, followed by six years working in Burgundy, other areas of France, and California. During this time, he became fascinated by traditional methods of viticulture, vinification, and aging. In 1999 he decided to push to the extreme all he had seen and experienced, and with his wife Rotem created a small cellar dedicated to the philosophy of making wines of purity and typicity.

The name for the winery, Lucien Le Moine, is comprised of two references: the Lebanese “Mounir” means light, hence the equivalent French “Lucien”; “Le Moine” translates as “the monk”, and refers to Mounir’s initial wine experiences at the monastery.
